CHECK IN: 8:30 am CONTEST BEGINS: 9:00 am

CLASS:

Automotive technology

ELIGIBILITY:

Refer to General Information and Rules page.

SCOPE OF CONTEST:

The contestants will advance through four areas of competency. They will be judged on satisfactory completion of each area with emphasis on quality and efficiency of work.

EQUIPMENT AND MATERIALS:

To be supplied by chairperson:

- An area for the contest
- All necessary tools and equipment
- All judging materials

To be supplied by contestant:

- Sharpened pencil
- Suitable clothing and/or protective clothing and shoes
- Safety glasses

TIME:

Roll will be taken at 9 a.m. A time limit may be assigned to each area of competency.

SCORECARD:

Points will be awarded for both the written test and the hands-on skill competition. Accuracy, workmanship and speed will be considered. At the beginning of the event, the judging criteria and the total points for each area of the competition will be explained by the judge.

TIE BREAKER:

Ties will be broken by the time in the Firing Order segment. In case of a further tie, a bonus question will be used.
